Dear Doris:

I just wanted to take the time to express my deep appreciation of your artistry on the recent Triathlete magazine shoot of Lori Bowden. You achieved exactly the effect we were looking for. From the body painting to the hair and makeup, a masterful job on each point.

In fact if you look inside, on p.31 (only one page before our full bleed image) you can see a shot of Lori in an ad without your styling. It doesn't even compare -and we were doing the editorial! The client was thrilled with what they say is their best cover ever. In short you kicked butt!

You don't realize how priceless it is to have a stylist of your caliber on my set. It provides peace of mind knowing that your energy will elevate everything I am setting out to do. Thank you again for all your expertise on this job. It goes without saying that we could not have pulled it off without you!

All the best,
